Let me share some awesome youtube resources for Data Science/ML/DL related topics,

For understanding Machine Learning Algorithms, StatQuest with Josh Starmer

For Data Science and python coding, Krish Naik, codebasics, Ken Jee, Data Professor

SpringBoard for data scientist and machine learning people's interview-Real Talks

The Data Scientist Show - Daliana Liu for Data science related talks, interviews

For statistics topics, zedstatistics.

Statistical problems in R? Global Health with Greg Martin

For Python Programming, Corey Schafer

Machine Learning and Deep Learning Fundamentals, Deeplizard

Freecodecamp Data Science, Deep Learning for long courses

Maziar Raissi for explaining research papers easily

PyData - for python related AI conferences, tutorials

ComputerVisionFoundation for computer vision-related conferences
